

OSHPD Special Seismic Certification Preapproval (OSP)

THE REQUIRED INDEPENDENT LABORATORY TESTING OF ENERGY LABS AIR HANDLING UNITS HAS BEEN PERFORMED, AND THEY HAVE RECEIVED A SIGNED CERTIFICATION OF PRE-APPROVAL DATED AUGUST 29, 2010, please see OSHPD's website at the link below to see the actual approval...

http://www.oshpd.ca.gov/FDD/Pre-Approval/special_seismic_cert_pre-approval.html

Seismically certified equipment meets the building code requirements of projects such as **hospitals, healthcare facilities; fire, rescue and police stations; emergency shelters; telecommunications centers; power plants; air traffic control centers; military and government buildings; and water treatment facilities.** These facilities have been identified as critical facilities where it is important that they continue to be able to provide services in the aftermath of a major earthquake.

HAVE YOU HEARD?

IS NOW

PRE-APPROVED!

OSP # 0069-10

**ENERGY LABS' APPROVAL
COVERS A HUGE ARRAY OF AHU
LAYOUTS**
